

# Cable Protection Cover Data Sheet

## CABLE PROTECTION COVERS FOR UNDERGROUND BURIED SERVICES

Heavy duty, yet lightweight recycled polyethylene cable covers, incorporating a coloured printed polyethylene warning tape laminated to the top surface. Our environmentally friendly cable covers should be laid over high voltage power cables or buried services, which require additional protection.

- High impact resistance
- Rot resistant
- Lightweight, meaning low transportation and installation costs
- Available from 6mm to 20mm thick
- Tensile strength - 10N/mm<sup>2</sup>

All cable covers are pre-drilled and supplied with a joining peg for easy installation. The linear length when joined is approximately 960mm.

Other texts and sizes for fibre optic cables, electric cables, gas pipelines, and specially printed texts can be manufactured to order on request.

## SPECIFICATION

Recycled polyethylene cable covers incorporating a coloured printed warning tape

SIZE	WEIGHT	PART NUMBER
150mm x 6mm x 1000mm	0.84kg	I9901014FIE
150mm x 12mm x 1000mm	1.70kg	I9901049HAE
244mm x 12mm x 1000mm	2.75kg	I9901010H65
