

Fence / Hedge Marker

A standard Fence or Hedge Marker made from reinforced concrete.

High strength makes this an ideal marker post for remote locations where rough terrain and replacement costs have to be considered but equally useful in all locations.

Extended foot for additional stability in concrete.

Fixings supplied to allow fitting of standard marker / identification plate.

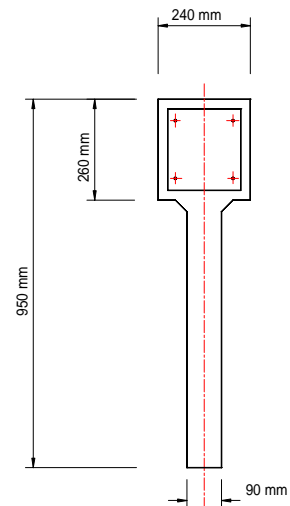

Fence / Hedge Marker Mk 2

A standard Fence or Hedge Marker made from reinforced concrete.

High strength makes this an ideal marker post for remote locations where rough terrain and replacement costs have to be considered but equally useful in all locations.

Fixings supplied to allow fitting of standard marker / identification plate.

Groundbed Marker

The Groundbed Marker is unobtrusive but provides accurate location of Groundbeds.

The marker can also be supplied in triangular form and with alternative lettering to suit Client requirements.

Aerial Marker Plate

The Aerial Marker Plate is 250mm high x 300mm wide with each side set at 60 degree angle manufactured from 2mm thick mild steel sheet. Finish is Epoxy polyester powder coating, Orange RAL 2004. The post is suitable for mounting on a standard 3 inch square timber post.
